# Contents

<b>1 Introduction:</b>	
<b>Jiro Kokuryo, Catharina Maracke and Toby Walsh</b>	<b>1</b>
1.1 Project Overview . . . . .	1
1.2 Executive summary . . . . .	2
1.3 Summaries and Analyses of Individual Papers . . . . .	4
1.4 Policy statement . . . . .	7
<b>2 How development of Artificial intelligence technology will cause changes in crime and criminal law:</b>	
<b>Roman Dremluga</b>	<b>11</b>
2.1 Introduction . . . . .	11
2.2 Criminal law and AI . . . . .	12
2.3 The concept of culpability in crime law and AI systems . . . . .	14
2.4 Dangerous AI systems . . . . .	18
2.5 AI as a legal person in criminal law . . . . .	21
2.6 Can AI facilitate a crime? . . . . .	26
2.7 Some suggestions for the legislator . . . . .	31
2.8 Conclusion . . . . .	32
<b>3 The Anthropomorphized Tools Paradox: Feminized Digital Assistants.</b>	
<b>Danit Gal</b>	<b>35</b>
3.1 Introduction . . . . .	36
3.2 Theoretical Background . . . . .	36
3.3 Gendered Technology . . . . .	37
3.4 Feminized Digital Assistants: The Ethical and Social implications . .	37
3.5 Discussion . . . . .	39
3.6 Conclusions . . . . .	40
<b>4 AI Education for Everyone:</b>	
<b>How to Integrate Future Labor Force into Digital Frontier?</b>	
<b>Wenqing He, Yifan Shen, Ying Xin</b>	<b>41</b>
4.1 How will AI impact current workforce . . . . .	41
4.1.1 Current development in AI technology . . . . .	41
4.1.2 Overview of AI integration with traditional industries . . . . .	43
4.2 Influence of automation on employment & wages . . . . .	46

4.2.1 Literature Review . . . . .	46
4.2.2 The model . . . . .	47
4.2.3 The empirical research . . . . .	48
4.3 Enhancing effective computer science education . . . . .	49
4.3.1 Implications on AI integration with college education . . . . .	49
4.3.2 Status quo of AI related college education in China . . . . .	54
4.4 Limitations and further studies . . . . .	55
4.5 Conclusion . . . . .	56
<b>5 The Life of Individuality: Modernity, Panopticon, and Dataism</b>	
<b>Chong-Fuk Lau</b>	<b>57</b>
5.1 Modernity and the Birth of Individuality . . . . .	58
5.2 Panopticon and the Disciplining of Individuality . . . . .	60
5.3 Information Technology and the Threat to Individuality . . . . .	63
5.4 Dataism and the Death of Individuality? . . . . .	67
<b>6 Towards a Certification Framework for Trustworthy AI Systems:</b>	
<b>Roland H.C. Yap</b>	<b>71</b>
6.1 Background . . . . .	73
6.1.1 Elements of AI systems . . . . .	73
6.1.2 Factors which influence trust . . . . .	74
6.2 Developing a Trustworthy AI Certification Framework . . . . .	76
6.2.1 Considerations for Trustworthy AI . . . . .	76
6.2.2 A Certification Framework for Trustworthy AI . . . . .	77
6.2.3 Certification Party . . . . .	83
6.2.4 Maintenance . . . . .	83
6.3 Simplifications . . . . .	84
6.4 Discussion . . . . .	84
6.5 Conclusion . . . . .	85
